## SECTION V – KfW POLICY – SANCTIONABLE PRACTICE – SOCIAL AND ENVIRONMENTAL RESPONSIBILITY

### 1) Sanctionable Practice

The PEA and the Contractors (including all members of a Joint Venture and proposed or engaged Subcontractors) must observe the highest standard of ethics during the Tender Process and performance of the Contract.

By signing the Declaration of Undertaking the Contractors declare that (i) they did not and will not engage in any Sanctionable Practice likely to influence the Tender Process and the corresponding Award of Contract to the PEA's detriment, and that (ii) in case of being awarded a Contract they will not engage in any Sanctionable Practice.

Moreover, KfW requires to include in the Contracts a provision pursuant to which Contractors must permit KfW and in case of financing by the European Union also to European institutions having competence under European law to inspect the respective accounts, records and documents relating to the Tender Process and the performance of the Contract and to have them audited by auditors appointed by KfW.

KfW reserves the right to take any action it deems appropriate to check that these ethics rules are observed and reserves, in particular, the rights to:

- (a) reject an Offer for Award of Contract if during the Tender Process the Bidder who is recommended for the Award of Contract has engaged in Sanctionable Practice, directly or by means of an agent in view of being awarded the Contract;
- (b) declare misprocurement and exercise its rights on the ground of the Funding Agreement with the PEA relating to suspension of disbursements, early repayment and termination if, at any time, the PEA, Contractors or their legal representatives or Subcontractors have engaged in Sanctionable Practice during the Tender Process or performance of the Contract without the PEA having taken appropriate action in due time satisfactory to KfW to remedy the situation, including by failing to inform KfW at the time they knew of such practices.

KfW defines, for the purposes of this provision, the terms set forth below as follows:

<b>Coercive Practice</b>	The impairing or harming, or threatening to impair or harm, directly or indirectly, any person or the property of the person with a view to influencing improperly the actions of a person.
<b>Collusive Practice</b>	An arrangement between two or more persons designed to achieve an improper purpose, including influencing improperly the actions of another person.
<b>Corrupt Practice</b>	The promising, offering, giving, making, insisting on, receiving, accepting or soliciting, directly or indirectly, of any illegal payment or undue advantage of any nature, to or by any person, with the

intention of influencing the actions of any person or causing any person to refrain from any action.

**Fraudulent Practice** Any action or omission, including misrepresentation that knowingly or recklessly misleads, or attempts to mislead, a person to obtain a financial benefit or to avoid an obligation.

**Obstructive Practice** Means (i) deliberately destroying, falsifying, altering or concealing evidence material to the investigation or the making of false statements to investigators, in order to materially impede an official investigation into allegations of a Corrupt Practice, Fraudulent Practice, Coercive Practice or Collusive Practice, or threatening, harassing or intimidating any Person to prevent them from disclosing their knowledge of matters relevant to the investigation or from pursuing the investigation, or (ii) any act intended to materially impede the exercise of KfW's access to contractually required information in connection with an official investigation into allegations of a Corrupt Practice, Fraudulent Practice, Coercive Practice or Collusive Practice.

**Sanctionable Practice** Any Coercive Practice, Collusive Practice, Corrupt Practice, Fraudulent Practice or Obstructive Practice (as such terms are defined herein) which is unlawful under the Financing Agreement.

## 2) **Social and Environmental Responsibility**

Projects financed in whole or partly in the framework of Financial Cooperation have to ensure compliance with international Environmental, Social, Health and Safety (ESHS) standards (including issues of sexual exploitation and abuse and gender based violence). Contractors in KfW-financed projects shall consequently undertake in the respective Contracts to:

- (a) comply with and ensure that all their Subcontractors and major suppliers, i.e. for major supply items comply with international environmental and labour standards, consistent with Applicable Law and regulations in the country of implementation of the respective Contract and the fundamental conventions of the International Labour Organisation (ILO) and international environmental treaties and;

**3. Sanctionable Practice**

3.1 KfW requires compliance with its policy in regard to Sanctionable Practice as defined and set forth in Section VI.

3.2 In further pursuance of this policy, Consultants shall permit and shall cause its agents to provide information and permit KfW or an agent appointed by KfW to inspect on site all accounts, records and other documents relating to bid submission and contract performance (in the case of award), and to have them audited by auditors or agents appointed by KfW.

**4. Eligible Consultants and Eligible Materials, Equipment, and Services**

4.1 A Consultant may be a firm that is a private entity, a government-owned entity — subject to ITC 4.3 — or a combination of such entities in the form of a joint venture ("JV") under an existing JV Agreement or with the intent to enter into such an agreement supported by a Letter of Intent to execute a JV Agreement, in accordance with ITC 11.2. In the case of a JV, all members shall be jointly and severally liable for the execution of the Contract in accordance with the Contract terms. The Consultant shall nominate an authorized representative who shall have the authority to conduct all business for and on behalf of the Bidder and any and all its members, if the Consultant is a JV, during tendering and contract execution (in the event the Consultant is awarded the Contract). The authorization shall be in the form of a written power of attorney attached to the Technical Proposal. Unless specified in the **Data Sheet**, there is no limit on the number of members in a JV.

4.2 It is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-

contractors, service providers, suppliers and/or their employees meet the requirements of eligibility and conflict of interest as established hereunder.

4.3 KfW's eligibility criteria to bid are described in Section V, Eligibility Criteria.

4.4 This tendering procedure is open only to prequalified Consultants.

4.5 A Consultant shall provide such evidence of eligibility satisfactory to the Employer, as specified in Clause 4.3 or as the Employer shall reasonably request.

4.6 The materials, equipment and services to be supplied under the Contract and financed by the KfW may have their origin in any country subject to the restrictions specified in Section V, Eligibility Criteria, and all expenditures under the Contract will not contravene such restrictions. At the Employer's request, Consultants may be required to provide evidence of the origin of materials, equipment and services.

## **5. Conflict of Interest**

5.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Employer's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work.

5.2 Bidders shall be disqualified if they:

- (a) are an affiliate controlled by the PEA or a shareholder controlling the PEA, unless the stemming conflict of interest has been brought to the attention of KfW and has been fully resolved to the satisfaction of KfW;
- (b) have a business or a family relationship with a PEA's staff involved in the tender process or the supervision of the resulting Contract, unless the stemming conflict of interest has been brought to the attention of KfW and resolved to its satisfaction;
- (c) are controlled by or do control another Bidder or are under common control with another Bidder, receive from or grant subsidies directly or indirectly to another Bidder, have the same legal representative as another Bidder, maintain direct or indirect contacts with another Bidder which allow them to have or give access to information contained in the respective applications, to influence them or influence the decisions of the PEA;
- (d) are engaged in a services activity which, by its nature, may be in conflict with the assignment that they would carry out for the PEA;
- (e) were directly involved in drawing up the terms of reference or other relevant information for the tender process. This shall not apply to consultants who have produced preparatory studies for

the project or who were involved in a preceding project phase, insofar as the information they prepared, especially feasibility studies, was made available to all Bidders and the preparation of the terms of reference was not part of the activity.

- (f) were during the last 12 months prior to publication of the tender process indirectly or directly linked to the project in question through employment as a staff member or advisor to the PEA, and are or were able in this connection to influence the award of contract.
- (g) are state-owned entities, which are not able to provide evidence that (a) they are legally and financially autonomous and (b) they do operate under commercial laws and regulations.

5.3 The Consultant has an obligation to disclose to the Employer any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Employer. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract.

## 6. Unfair Competitive Advantage

6.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question or have otherwise been involved in the preparation of this tender procedure. To that end the Employer shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultants any unfair competitive advantage over competing Consultants. Subject to aforementioned provision Consultants who have produced preparatory studies for the assignment or who were involved in the preceding phase may participate, except when they have prepared the Terms of Reference.

## B. Preparation of Proposals

## 7. General Considerations

7.1 In preparing the Proposal, the Consultant is expected to examine the RFP in detail.

7.2 A substantially responsive Proposal is one that conforms to the terms, conditions, and specifications of the RFP without material deviation or reservation which are likely to jeopardize the achievement of the objective of this assignment and which by their nature are beyond the pure technical evaluation as per ITC 21.1. A material deviation or reservation is one that:

- a) affects in any substantial way the scope, quality, or performance of the Services; or

- b) limits in any substantial way, inconsistent with the RFP, the Employer's rights or the Consultant's obligations under the Contract; or
- c) if rectified would unfairly affect the competitive position of other Consultants presenting substantially responsive Proposals.

Substantially non-responsive Proposals shall be rejected by the Employer.

11.3 Individuals <sup>10</sup> (regular staff or temporarily engaged freelance experts) shall not participate as Key Experts in more than one Proposal unless when circumstances justify and if stated in the **Data Sheet**.

## 12. Proposal Validity

12.1 The **Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline. During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.

12.2 A replacement of Key Experts in the initial Proposal validity period is acceptable only for duly justified reasons beyond the control of the Consultant (e.g. sickness or accident). The Consultant shall propose an alternative expert with an equal or better qualification. If the replacement Key Expert's qualification is not equal or better than the qualification of the initial candidate or the justification for replacement is unsubstantiated the Proposal shall be rejected.

Extension of  
Validity Period

12.3 The Employer will make its best effort to complete the evaluation within the **Proposal's** validity period. However, should the need arise, the Employer may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity period.

12.4 If the Consultant agrees to extend the validity period of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts.

12.5 The Consultant has the right to refuse to extend the validity period of its Proposal in which case such Proposal will not be further evaluated.

Substitution of  
Key Experts at  
Validity  
Extension

12.6 If any of the Key Experts becomes unavailable during the extended validity period, the Consultant shall provide a written substitution request to the Employer.

12.7 The replacement Key Expert shall have equal or better qualifications than the Key Expert being replaced. If the Consultant fails to provide a replacement Key Expert with equal or better qualification, such a Proposal will be rejected.

12.8 Substitution requests shall not delay the evaluation process.

Sub-Contracting

12.9 The Consultant shall not subcontract the whole of the Services to one or more Sub-Consultants.

## 13. Clarification and Amendment of RFP

13.1 The Consultant may request a clarification of any part of the RFP until the deadline indicated in the **Data Sheet**. Any request for clarification must be sent in writing, or by standard electronic means, to the Employer's

<sup>10</sup> An individual (natural person) which is not part of the regular staff ("freelancer") but engaged temporarily as Key Expert for the relevant Contract shall not be considered as Sub-Consultant (subcontractor) in this context.

address indicated in the **Data Sheet**. The Employer will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all shortlisted Consultants not later than ten (10) days prior to the deadline for the submission of Proposals. Should the Employer deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below:

13.1.1 At any time before the **Proposal** submission deadline, the Employer may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all shortlisted Consultants and will be binding on them.

13.1.2 If the amendment is substantial, the Employer may extend the **Proposal** submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals.

13.2 The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the Proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.

#### 14. Preparation of Proposals – Specific Considerations

14.1 While preparing the Proposal, the Consultant must give particular attention to the following:

14.1.1 To establish that the Consultant continues to meet the eligibility and qualification criteria used at the time of prequalification, the Consultant shall submit the Form E/QUAL, as stipulated in the Section 3 – Technical Proposal Forms, and updated information on any assessed aspect that changed from that time.

14.1.2 If a shortlisted Consultant considers that associating with other Consultants in the form of a Joint Venture or as Sub-consultants may enhance its expertise for the assignment, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants with prior approval of the Employer, and only if sufficient competition continues to be guaranteed. Association with a non-shortlisted Consultant shall be subject to approval of the Employer. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be the Lead Consultant. If shortlisted Consultants associate with each other, any of them can be the Lead Consultant.

14.1.3 The Employer may indicate in the **Data Sheet** the estimated Key Experts' time-input or the Employer's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates.

14.1.4 If so required in the **Data Sheet**, the Consultant shall include in its Proposal at least the minimum time-input (in the same units) required from the Key Experts. If the Consultant includes a lower time input, the Employer shall adjust the respective Financial Proposal to make it comparable with the other Proposals in accordance with the method in the **Data Sheet**.

14.1.5 If the evaluation method as stipulated in the **Data Sheet** is not standard quality – cost based evaluation but fixed budget selection, the estimated time-input of the Key Experts shall not be disclosed, but the **Data Sheet** shall provide the total available budget for the assignment with an indication of whether taxes are included or are not included in this amount.

## 15. Technical Proposal Format and Content

15.1 The Technical Proposal shall not include financial information. A Technical Proposal containing material financial information shall be declared non-responsive.

15.2 The Consultant shall not propose Key Experts inconsistent with the Key Experts profiles described in the TOR (Section VII). Only one CV shall be submitted for each Key Expert position.

15.3 The Technical Proposal shall be prepared using the Standard Forms provided in Section III of this RFP.

If a contract period is provided in the **Data Sheet** the Consultant shall assume this contract period in the preparation of the Financial Proposal. The Financial Proposal shall contain the information and be structured as detailed in Section IV. The **Data Sheet** may request the Consultant to provide services either by delivering or producing one or more deliverables for a fixed amount (Lump Sum Contract) or for a certain duration with remuneration according to time spend at fixed unit rates (Time-Based Contract) or a combination of both.

### Price Adjustment

16.2 For assignments with a duration exceeding 24 months, a price adjustment provision for foreign and/or local inflation for remuneration rates shall apply in line with the provisions stated in the **Data Sheet**.

### Taxes

16.3 The Consultant, its Sub-consultants and Experts are responsible for meeting all tax liabilities and public duties in connection with the Contract according to Applicable Law in the Employer's country, unless they are exempted from such payments. The details of the applicable regime are indicated in the **Data Sheet**. In any case taxes, duties, levies and fees payable by the Consultant, its Sub-consultants and Experts outside the Employer's country shall be considered to be included in the overhead fees..

Currency of Proposal	16.4 The Consultant may express the price for its Services in Euro unless otherwise stated in the <b>Data Sheet</b> . If indicated in the <b>Data Sheet</b> , the portion of the price representing local cost shall be stated in the national currency.
Currency of Payment and Payment Conditions	16.5 Payments under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal. 16.6 The Consultant shall calculate the Financial Proposal on the basis of the general payment conditions as per model Contract for consulting services attached under Section VIII if not otherwise stated in the <b>Data Sheet</b> .
Contributions by the Employer	16.7 The Consultant shall assume in the financial Proposal that the Employer shall make the following contributions: 16.7.1 provide the Consultant with all the information, documents, maps, aerial photographs, etc. in his possession and necessary for the completion of his services, free of charge, for the duration of the project; 16.7.2 ensure that the Consultant has all the necessary permits to obtain further documents, maps and aerial photographs; 16.7.3 support the Consultant in obtaining all the necessary working permits, residence permits and import licenses; 16.7.4 provide other contributions as stipulated in the <b>Data Sheet</b> .

### C. Submission, Opening and Evaluation

17. Submission, Sealing, and Marking of Proposals	<p>17.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with ITC 10 (Documents Comprising Proposal). The submission can be done by mail (postal or courier service) or by hand.</p> <p>17.2 The authorized representative of the Consultant according to ITC 4.1. shall sign the original submission letters in the required format for both the Technical Proposal and the Financial Proposal.</p> <p>17.3 A Proposal submitted by a Joint Venture shall be signed by all members so as to be legally binding on all members or shall be signed by the authorized representative according to ITC 4.1 who has a written power of attorney from each member signed by the member's authorized representative and attached to the Technical Proposal.</p> <p>17.4 Any modifications, revisions, interlineations, erasures or overwriting shall be valid only if they are signed or initialized by the persons signing the Proposal.</p>
---	--

17.5 The signed Proposal shall be marked “Original”, and its copies marked “Copy” as appropriate. The number of copies and recipients are indicated in the **Data Sheet**. All copies shall be made from the signed original. If there are discrepancies between the original and the copies, the original shall prevail.

17.6 The original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked “Technical Proposal”, “[Name of the Assignment]”, reference number, name and address of the Consultant, and with a warning “Do Not Open until [insert the date and the time of the Technical Proposal submission deadline].”

17.7 Similarly, the original and all copies of the Financial Proposal (if required for the applicable selection method) shall be placed inside of a sealed envelope clearly marked “Financial Proposal” followed by the name of the assignment, reference number, name and address of the Consultant, and with a warning “Do Not Open With The Technical Proposal.”

17.8 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, RFP reference number, the name of the assignment, Consultant’s name and the address, and shall be clearly marked “Do Not Open Before [insert the time and date of the submission deadline indicated in the **Data Sheet**]”.

17.9 If the envelopes and packages with the Proposal are not sealed and marked as required, the Employer will assume no responsibility for the misplacement, loss, or premature opening of the Proposal.

17.10 The original of the Proposal or its modifications must be sent to the address indicated in the **Data Sheet** and received no later than the deadline indicated in the **Data Sheet**, or any extension to this deadline. Any Proposal or its modification received after the deadline shall be declared late and rejected, and promptly returned unopened. The timely receipt of the original of the Proposal at the address and date indicated in the **Data Sheet** is decisive for the timely submission of the Proposal.

17.11 The Consultant may be requested to send additional copies of the Proposal to other recipients as indicated in the **Data Sheet**. In this case the same requirements for envelopes and packages apply as for the original of the Proposal. The receipt of such copies shall not be decisive for the timely submission.

## 18. Confidentiality

18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant shall not contact the Employer on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the Contract is awarded.

18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Employer in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal.

## **19. Opening of Technical Proposals**

19.1 The Employer's evaluation committee shall proceed with the opening of the Proposals shortly after the submission deadline as indicated in the **Data Sheet** and establish and sign an opening protocol as per ITC 19.4.

19.2 The Employer's evaluation committee shall be composed of at least three members unless otherwise detailed in the **Data Sheet**. One member of the Evaluation committee shall not be staff from the Employer's administration or organisation. However, if a tender agent conducts the selection procedure on behalf of the Employer as indicated in the **Data Sheet** the opening of Proposals shall be done by the tender agent in presence of a witness and both shall sign the opening protocol as per ITC 19.4

19.3 The envelopes with the Financial Proposal shall remain sealed and shall be securely stored until they are opened in accordance with ITC 22.

20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the Proposal submission deadline except as permitted in accordance with ITC 12.6. While evaluating the Proposals, the Employer will conduct the evaluation only on the basis of the submitted Technical and Financial Proposals.

20.3 Services or items that the Consultant is required to offer as an option as per the TOR shall not be included in the technical and financial evaluation, unless otherwise explicitly stated in the **Data Sheet**.

20.4 Alternative offers will not be taken into consideration unless permitted in the **Data Sheet**.

## 21. Evaluation of Technical Proposals

21.1 The Employer shall evaluate the Technical Proposals on the basis of the criteria and point system set out in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it is determined to be non-responsive in accordance with ITC 7.2 or if it fails to achieve the minimum technical score of 75 % of the maximum score in accordance with ITC 22.1. If specified in the **Data Sheet** a minimum score may be applied not only to the overall technical score but also to the achievement of the ESHS minimum score.

21.2 For the purposes of scoring individual sub-criteria the following qualitative approach may be applied;

- f) 100% of the max. score: Excellent, no errors or omissions at all are noted. Exhaustive, conclusive, comprehensive, precise and further leading suggestion / idea / offering with respect to the sub-criterion.
- g) 75% of the max. score: Good, minimal errors or omissions noted. Exhaustive, conclusive, comprehensive and precise with respect to the sub-criterion.

22.1 The Financial Proposals of those Consultants which have achieved the minimum score in accordance with ITC 21.1 shall be opened. The Financial Proposals of those Consultants below the minimum score shall not be opened and returned unopened after completing the selection process and Contract signing.

22.2 The opening of the Financial Proposals shall be done in accordance with ITC 19.2 and ITC 19.4.

- 23. Evaluation of Financial Proposals**
- 23.1** The Financial Proposals shall be assessed using the total price after correcting any arithmetical errors.
- Lump Sum Contract**
- 23.2** If a Lump Sum Contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, therefore no price adjustments shall be made. The total price, net of taxes understood as per Clause ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.
- Time Based Contract**
- 23.3** If a Time Based Contract form is included in the RFP, the Employer's evaluation committee will (a) correct any computational or arithmetical errors, (b) adjust the prices if they fail to reflect the duration of the contract in accordance with ITC 14.1.3, and (c) adjust the prices if they fail to reflect all inputs, which, in accordance with the RFP have to be indicated and priced separately, using the highest rates for the corresponding items indicated in the Financial Proposals of competing Bids, determined to be responsive in accordance with ITC 7.2. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, in each case the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Employer's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
- Other Cost**
- 23.4** Notwithstanding the above, if the Consultant is required to separately offer equipment or miscellaneous items (collectively "Other Cost") not included in the lump sum or time based cost items as per Form FIN-2 the Financial Offer may be adjusted for such items to allow for comparison, but only for such items explicitly requested to be offered in the RFP. The financial evaluation will be inclusive of the total, possibly adjusted amount for Other Cost items.
- 23.5** In case of a mixed contract containing parts with Lump Sum remuneration (i.e. for project design) and Time Based remuneration (i.e. project supervision) corrections to the respective parts of the Proposal shall be applied according to the applicable provisions in ITC 23.2 and ITC 23.3.
- 24. Taxes**
- 24.1** The Employer's evaluation of the Consultant's Financial Proposal shall exclude customs and excise duties, taxes and levies in the Employer's country, directly attributable to the Contract, if not otherwise specified in the **Data Sheet**.

- 25. Conversion to Single Currency** 25.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.
- 26. Combined Evaluation of Technical and Financial Proposals** 26.1 The Proposal Score shall be calculated by weighting the Technical Score with 80% and the Financial Score with 20% and adding them as per the formula and instructions in the **Data Sheet**.  
26.2 A final evaluation report shall be established by the Evaluation committee with the result of the combined evaluation and including the verification of the qualification as per ITC 27. The Consultant with the highest Proposal Score shall be declared the winner and invited for negotiations.
- 27. Qualification of the Consultant** 27.1 The Employer shall determine to its satisfaction whether the Consultant, whose Proposal has achieved the highest Proposal score in accordance with ITC 26.1 continues to meet the eligibility and qualifying criteria specified at the prequalification stage. The determination shall be based upon an examination of Form E/QUAL as provided in Section 3, Technical Proposal Forms.  
27.2 An affirmative determination shall be a prerequisite for award of the Contract to the Consultant. A negative determination shall result in disqualification of the Proposal, in which event the Employer shall proceed to the Proposal, which has achieved the next-highest Proposal score to make a similar determination of that Consultant's eligibility and qualifications to perform satisfactorily.
- 28. Employer's Right to Reject All Proposals** 28.1 The Employer reserves the right to annul the bidding process and reject all Proposals at any time prior to contract award, without thereby incurring any liability to Consultants.

#### **D. Negotiations and Award**

- 29. Negotiations** 29.1 The Employer shall conduct contract negotiations with the Consultant who has attained the highest Proposal Score in accordance with ITC 26.  
29.2 The Employer shall prepare minutes of negotiations, which shall be signed by the Employer and the Consultant's authorized representative.
- Availability of Key Experts 29.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability shall result in the rejection of the Consultant's Proposal, in which case the Employer shall proceed to negotiate the Contract with the next-ranked Consultant.

29.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.

Technical  
Negotiations

29.5 The scope of the contract negotiations shall be limited to the following points:

- a) clarifying the work and the methods to be used, where necessary adjusting the staffing schedule;
- b) clarifying any counterpart services to be provided by the Employer

Such negotiations shall be limited to items identified in the evaluation report and shall not be subject to material changes.

Financial  
Negotiations

29.6 Fees and unit prices for incidental costs and for all services that were to be offered on a lump-sum basis pursuant to the invitation to tender are in principle not subject to negotiation, as they were already taken into account during the evaluation of the Financial Proposal.

29.7 All terms and conditions of the Contract, including the payment schedule, shall be strictly in accordance with the terms and conditions set out in the contract form provided in Section VIII. For the avoidance of doubt, the Contract terms and conditions shall not be subject to any material changes in the course of negotiations.

**30. Conclusion of  
Negotiations**

30.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Employer and the Consultant's authorized representative.

30.2 If the negotiations fail, the Employer shall inform the Consultant immediately in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Employer shall terminate the negotiations informing the Consultant of the reasons for doing so and invite the next-ranked Consultant to negotiate the Contract. Once the Employer commences negotiations with the next-ranked Consultant, the Employer shall not reopen the earlier negotiations.

**31. Award of  
Contract,  
Information of  
Consultants**

31.1 After completing the negotiations with the Consultant the Employer shall promptly inform all shortlisted Consultants on the outcome of the selection procedure. The information sent to the Consultants shall contain the name and the contract amount of the winning Consultant, the combined Proposal Score of the winner and the respective Consultant. Additional requirements for the publication of the results of the selection procedure are indicated in the **Data Sheet**, if any.

31.2 In case a Consultant requests additional information on the result of the evaluation in writing to the Employer, the Employer shall promptly provide a debriefing to the Consultant informing on the weaknesses of the Proposal in relation to the winning Consultant. No additional information shall be disclosed.

31.3 Subject to KfW's no-objection to the draft Contract the Employer shall sign the Contract. The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

## Section VII. Terms of Reference

### **Terms of Reference for Consulting services for preparation of Feasibility Report and Tender Documents for harnessing renewable energy from sources like Solar Roof Tops and Floating Solar Plants for CMWSSB**

#### **1 Project Background**

1.1 Chennai is the fourth-most populous urban agglomeration in India and 36th largest urban area by population in the world. In 1974, Chennai city and the area contiguous to it were notified as Chennai Metropolitan Area (CMA). Subsequently, during the year 1978 Chennai Metropolitan Water Supply and Sewerage Board (CMWSSB) was established as a statutory body under an Act of Tamil Nadu (Act 28) with the objective of exclusively attending to the growing needs of and for planned development and appropriate regulation of water supply and sewerage services in the Chennai Metropolitan Area with reference to the protection of public health and for all matters connected therewith.

1.2 The CMWSSB is a statutory body responsible for providing water supply and sewerage infrastructure facilities to the residents of Chennai City and the Chennai Metropolitan Area. As a result of its operations, CMWSSB incurring an amount of around Rs.300.00 Crore per annum towards energy consumption charges. It is expected to increase in energy consumption with the commissioning of new Desal plants. There is an urgent need for CMWSSB to take up measures to reduce the energy consumption so as to reduce Operation & Maintenance cost.

1.3 The feasibility study will involve a detailed assessment of CMWSSB's energy consumption patterns, identification of potential sites for renewable energy project development, and thorough technical, financial, and environmental analyses. The study will also consider the regulatory and policy frameworks relevant to renewable energy projects in Tamil Nadu.

1.4 Based on the findings of the feasibility study, CMWSSB aims to develop and implement a sustainable and cost-effective renewable energy strategy, potentially through public-private partnerships (PPP) or engineering, procurement, and construction (EPC) models.

1.5 In this regard, the Managing Director of CMWSSB has requested the Tamil Nadu Urban Infrastructure Financial Services Limited (TNUIFSL) fund manager of Project Development Grant Fund (PGDF) to appoint a suitable consultant for Consulting Services for preparation of Feasibility

Study Report for harnessing renewable energy through Solar Roof Tops and Floating Solar Plants for CMWSSB.

## **2 Objective**

The main objectives of the study are:

2.1 To prepare a detailed feasibility report for renewable energy from sources like

- Solar Roof Tops in CMWSSB sites / offices in the locations given in the Annexure to this ToR.
- Floating Solar Plants in 3 Lakes namely Poondi, Chembarambakkam and Redhills lakes in PPP mode.

including cost estimates, financial analysis, and risk assessment, cost benefit analysis, other financials in the scope, packaging, phasing, implementation plan and bid documents etc.

2.2 To understand the ways to maximize potential for the renewable energy understanding the various models for operation.

2.3 Suggest / Identify the best revenue potential model which would be beneficial to CMWSSB on the long term through study.

2.4 To study in detail the technical, financial, legal, regulatory, environmental and social feasibility of the project on a sustainable basis.

2.5 To suggest best option for implementation of the project (PPP or EPC) for each of the projects, develop project plan, and provide decision support through a comprehensive report. If PPP, the bid documents as per TNIDB regulations have to be prepared and project structuring approval to be obtained.

## **3. Scope of Work**

The scope of work includes but not limited to the following:

3.1 Collect the sanctioned load, historical energy consumption data (electricity, fuel, cost etc.) across different facilities, processes, and equipment.

- 3.2 Analyze historical energy consumption data and project future energy requirements in each of the CMWSSB's locations in annex, its growth plans and expansion strategies.
- 3.3 Identify suitable locations for renewable energy project development, considering factors such as land availability, grid connectivity, and environmental/ social constraints.
- 3.4 Explore various renewable energy sources and recommend suitable technologies (e.g., Solar Roof Tops and Floating Solar Plants (PPP) based on resource availability, energy demand, and site-specific conditions.
- 3.5 Suggest technology options with SWOT analysis of each option, life of equipments, suggested to be installed, requirement of area of land, cost of replacement, capital cost and operation cost, identification of availability of capital grant.
- 3.6 Determine the optimal system sizing and configuration for each recommended technology, considering factors such as energy yield, capacity utilization, and system integration.
- 3.7 Assess the potential for hybrid systems (e.g., solar wind,) to enhance energy reliability and efficiency.
- 3.8 Evaluate the potential for installing rooftop wind / solar photovoltaic (PV) systems on CMWSSB's office buildings and administrative premises.
- 3.9 Conduct a detailed technical feasibility analysis for the recommended renewable energy systems, including:
  - 3.9.1 System design and layout
  - 3.9.2 Grid integration and interconnection requirements
  - 3.9.3 Energy storage options (if applicable)
  - 3.9.4 Operation and maintenance requirements
  - 3.9.5 Performance simulation and energy yield estimation
- 3.10 Conduct an E&S screening and scoping of the proposed projects, taking into consideration different types of projects including an initial E&S risk categorization (into cat. A, B+, B or C) and identify the type of stakeholders which are expected for the different project types. Furthermore, a workplan with recommendations for the detailed E&S studies should be prepared. The preparation of ESIA's etc. is not within the scope of this assignment but should be carried out in addition depending on the findings of the screening and scoping within this Feasibility study. The consultant should use the ToR included in Annexure II and III as guidance for preparing the E&S screening and scoping. This should be adapted specifically for the potential project types and supplemented by specific aspects by the consultant.

- 3.11 Assess the potential barriers and challenges in project development and implementation, such as permitting, licensing, and grid interconnection requirements.
- 3.12 Identify potential financial incentives, such as feed-in tariffs, tax credits, or subsidies, that could improve the project's financial viability.
- 3.13 Develop a detailed financial model for the recommended renewable energy projects, including:
  - 3.13.1 Capital and operational expenditure estimates.
  - 3.13.2 Project financing options and cost of capital
  - 3.13.3 Revenue streams and financial projections
- 3.14 Conduct a cost-benefit analysis and determine the project's financial viability and return on investment.
- 3.15 Study the flood mitigation measures and climate resilience strategies for proposed renewable energy projects, particularly those located in coastal or flood-prone areas, to enhance the long-term sustainability and resilience of the infrastructure against potential impacts of sea-level rise, storm surges, and extreme weather events.
- 3.16 To prepare various concepts for standardisation for various types based on space availability, type of buildings, other parameters, etc.
- 3.17 Collect other relevant meteorological parameters from various sources as required.
- 3.18 Prepare Typical single line diagram including all components of the system (modules, inverter, junction boxes etc, as required).
- 3.19 Conduct soil testing, geotechnical investigations, and topographical surveys at potential sites for renewable energy project development to assess suitability, stability, and site-specific design considerations.
- 3.20 Based on the feasibility study findings, recommend the most suitable implementation mode (PPP or EPC) for the renewable energy projects.
- 3.21 Develop a detailed implementation plan, including project timelines, procurement strategies, and stakeholder engagement plans.
- 3.22 Provide recommendations for project structuring, risk allocation, and contractual arrangements (if PPP mode is recommended).
- 3.23 If the implementation mode is recommended as PPP, specify the scope and requirements for the separate Transaction Advisory Services, including the preparation of bid documents

- (Solar roof tops and Floating solar plants), the procurement process, and contract management, which includes technical specifications, evaluation criteria, and draft contracts/agreements, for the procurement of renewable energy projects.
- 3.23.1..1 For Solar Roof Tops – due to anticipated low to medium E&S risks, a general ESMP commensurate to these risks (alternatively SOP, but “not both” necessary) can be prepared during the feasibility study and included as part of the bidding documents.
  - 3.23.1..2 In case of floating solar PV the scope of full-fledged ESIA's required along with additional studies (e.g. Water Biodiversity studies etc. and Livelihood Restoration Plans should form part of the scope of the bidder bid document while preparing his DPR.

THE CONSULTANT**

The Consultant undertakes that neither the Consultant nor any person or enterprise associated with the Consultant as set out in the Declaration of Undertaking shall bid for the Project as manufacturer, supplier, or building contractor. This prohibition also applies to any bidding for any further consulting services, insofar as such consulting services might lead to a restriction of competition or a conflict of interests. Any violation of this stipulation entitles the Employer to the immediately terminate this Consulting Contract and require the reimbursement of any and all costs incurred by the Employer up to the time of such violation as well as compensation for any and all losses and damages incurred by the Employer as a result of such termination.

**Paragraph 4      Commencement, Completion,  
Amendment and Termination of the  
Services**

**4.1  
COMMENCEMENT  
AND COMPLETION**

4.1.3 Any change to the time schedule in Annex 7 [*Time Schedule for the Performance of the Services*] due to a reasonable request by either party shall be mutually agreed upon in writing.

**4.2  
PENALTIES FOR  
DELAY AND  
DISSATISFACTORY  
SERVICES**

4.2.1 If the Consultant culpably fails to perform any of the Services within the respective time agreed for such Services, the Consultant shall, except to the extent that the Special Conditions include a stipulation to the contrary, be obliged to pay to the Employer a penalty in an amount of 0.5% of the contract value for every week of delay, subject to an overall cap of 8% of the contract value. Any claims which the Employer may have as a consequence of such delay (if any) shall be deemed to be settled by such payment. The foregoing shall be without prejudice to the Employer's right of termination pursuant to Paragraph 4.6.2 [*Suspension and Termination*].

- 4.2.2 In the case the Consultant has not provided the Services in accordance with the provisions set out in this Consulting Contract to the satisfaction of the Employer and if this has (i) been notified by the Employer to the Consultant and (ii) not been remedied by the Consultant within 21 days upon receipt of such notification, and provided that the Employer has requested payment of a penalty in accordance with Paragraph 4.2.1 [*Penalties for Delay and Dissatisfactory Services*] above, the Employer and KfW shall be entitled to prohibit the Consultant from mentioning this Project as a reference for future project tenders.

#### **4.3 AMENDED SERVICES**

- 4.3.1 Subject to the prior written consent of KfW, the Employer shall be entitled to require at any time an amendment of the Consulting Contract (any amended or additional services or amended deadlines/periods for execution – “Amended Services”).
- 4.3.2 In this case, the Agreed Remuneration and the Completion Period shall be adjusted accordingly by mutual agreement of the Parties. The Consultant shall submit proposals for performance of and remuneration for the Amended Services.
- 4.3.3 The Consultant shall execute the Amended Services if the Employer agrees, in writing, to the remuneration proposal.

#### **4.4 IMPEDIMENT**

- 4.4.1 If the performance of the Services is impeded or delayed by the Employer or the Employer’s contractual partners (“impediment”) and such impediment leads to an increase in the costs, the scope or the duration of the Services, the Consultant shall immediately notify the Employer of the circumstances and the possible consequences.
- 4.4.2 If an impediment is caused by the Employer’s wilful misconduct, intent or negligence, the Consultant shall be entitled to reimbursement of the costs incurred by it as a result of such impediment, provided that the Consultant proves the incurrence of these costs to the Employer.

#### **4.5 FORCE MAJEURE**

- 4.5.1 In the event of a Force Majeure, the contractual obligations, to the extent affected by such event, shall be suspended for as long as performance remains impossible due to the Force Majeure, provided that one Party receives notification of the Force Majeure event from the other Party within two weeks after its occurrence. Any and all liability of the Consultant for damages arising due to its absence caused by the Force Majeure is excluded, provided that this shall not apply to any damages which the Consultant could have, but has wilfully or negligently not, mitigated in light of the circumstances at that time.
- 4.5.2 In the event of a Force Majeure, the Consultant shall be entitled to an extension of the Completion Period equal

to the delay caused by such Force Majeure. If the performance of the Services is rendered permanently impossible by the Force Majeure, or if the Force Majeure event continues for more than 180 days, either Party to this Consulting Contract shall be entitled to terminate the Consulting Contract.

4.5.3 In the case of a suspension or termination of the Consulting Contract due to Force Majeure, the Consultant shall be entitled to claim from the Employer payment of:

- (a) a proportionate amount of the Agreed Remuneration for the Services performed up to the occurrence of the Force Majeure; and

in each case in accordance with the principles agreed in Paragraph 5 [*Remuneration*] and the Special Conditions as well as the principles set out in Paragraph 4.6.4 [*Suspension or Termination*].

4.5.4 The Consultant must, however, mitigate its loss and deduct any proceeds of such mitigation, which shall include:

- (a) any remuneration paid to the Consultant in consideration for working on other projects during the time the Consultant was (but for the discontinuation) scheduled to work on the Project; and
- (b) any remuneration that the Consultant could reasonably have earned in consideration for working on other projects during the time the Consultant was (but for the discontinuation) scheduled to work on the Project, but which the Consultant has not received as a result of the Consultant's wilful misconduct or negligence.

4.5.5 The Consultant shall not have any further payment claims as a consequence of the Force Majeure Event.

## **4.6 SUSPENSION OR TERMINATION**

4.6.1 The Employer may, with the prior written consent of KfW, fully or partially request suspension of the Services or terminate this Consulting Contract, in each case by serving written notice of at least 30 days. In this event, the Consultant must immediately take all measures necessary to ensure that the Services are discontinued and any expenditures minimised. The Consultant shall hand over all reports, drafts and documents to be prepared by the date in question to the Employer. If the suspension continues for more than 180 days, the Consultant may terminate the Consulting Contract. In the case of such termination Paragraph 4.5 [*Force majeure*] shall apply mutatis mutandis.

- 4.6.2 If the Consultant fails to meet any of its contractual obligations within the agreed time for such obligations, the Employer may serve a notice upon the Consultant and request it to duly perform its Services. If the Consultant fails to remedy the performance deficit within a reasonable time frame as determined by the Employer which shall be, however, not less than 21 days of having been called upon to do so by the Employer, the Employer shall be entitled, after this period has elapsed, to terminate the Consulting Contract by written notice.
- 4.6.3 The Consultant may terminate this Consulting Contract if any amounts due and payable to it under this Consulting Contract have not been reasonably disputed or paid within 60 days after the receipt by the Employer of the corresponding invoice, provided that (i) the Consultant has delivered to the Employer a written reminder within 30 days after the initial 60 days deadline has passed and (ii) the Employer has not paid the due amounts within a further grace period of 30 days upon receipt by it of such reminder. Without prejudice to the right to terminate due to Employer's nonpayment the Consultant may suspend the performance of this Contract if and for so long as any amounts due and payable under this Consulting Contract have not been reasonably disputed or paid within 60 days after the receipt of the Consultant's corresponding invoice by the Employer, provided that the Consultant has submitted a written reminder notice to the Employer after the initial 60 days deadline has passed and the Employer does not pay the due amounts within a further period of 21 days after the reminder notice.
- 4.6.4 In the case of a termination or suspension of the Consulting Contract, the Consultant shall be entitled to demand payment of:
- (a) the due but unpaid proportion of the Agreed Remuneration for the Services performed until the date of termination or suspension; and
  - (b) if the termination or suspension of the Consulting Contract is not caused by a default by the Consultant, all necessary and evidenced expenditures of the Consultant arising from the discontinuing of the Services, provided, however, that the Consultant must mitigate its loss and deduct any proceeds of such mitigation, which shall include:
    - (i) any remuneration paid to the Consultant in consideration for working on other projects during the time the Consultant was (but for the termination or suspension) scheduled to work on the Project; and
    - (ii) any remuneration that the Consultant could reasonably have earned in consideration for

working on other projects during the time the Consultant was (but for the termination or suspension) scheduled to work on the Project, but which the Consultant has not received as a result of the Consultant's wilful misconduct or negligence.

4.6.5 If the termination or suspension of the Contract has been caused due to a default of the Consultant, the Employer shall be entitled to demand compensation for any direct damages caused by the default.

**4.7  
BREACH OF  
PARAGRAPH 1.13**

4.7.1 If the Consultant has breached Paragraph 1.13 [*Sanctionable Practice*], the Employer may, notwithstanding any sanctions which may be applicable according to the law of the Country or any other legal system, terminate this Consulting Contract in writing with immediate effect.

**4.8  
RIGHTS AND  
OBLIGATIONS OF THE  
PARTIES IN CASE OF  
TERMINATION**

For the avoidance of doubt, a termination of this Consulting Contract shall not prejudice or affect any rights, claims or obligations of any Party which have arisen before the termination takes effect. Notwithstanding the foregoing, in the case of a termination pursuant to Paragraph 4.7 [*Breach of Paragraph 1.13*] the Employer shall be entitled, in cooperation with KfW, to request the repayment of any remuneration (in total or in part considering the circumstances of the violations) which has been paid to the Consultant pursuant to this Contract. The burden of proof that a case of termination is given lies with the Employer.

## Paragraph 5 Remuneration

### 5.1 FORMS OF REMUNERATION

In consideration for the performance of the Services, the Employer shall pay to the Consultant the remuneration as agreed in the Special Conditions subject to the conditions listed therein and the conditions set out below, and subject further to Annex 8 [*Cost Calculation and Invoicing Table*], depending on the type of Services agreed which may be either

- (a) An advance payment as set forth in the Special Conditions, but not exceeding 20% of the Contract Value shall be due within 30 days following the date of this Consulting Contract upon presentation of an invoice and against presentation of an advance payment guarantee if required in accordance with the Special Conditions.
- (b) Instalments shall be paid upon presentation of corresponding invoices with a maximum of one payment per quarter. The first invoice following the advance payment shall not be issued before the expiry of three months following the Commencement Date.
- (c) The final payment shall be made after the Services have been performed in full and written confirmation has been provided by the Employer to the Consultant and prior written non-objection has been obtained from KfW.
- (d) The remuneration for Special Services are included in the Contract Value. Notwithstanding, the Consultant shall only be entitled to a separate remuneration for Special Services if the Services are amended, the Special Services therefore constitute Amended Services and a separate remuneration for the Special Services has been agreed pursuant to paragraph 4.3. [*Amended Services*].

### 5.3 PAYMENT CONDITIONS

- (b) In case of a time-based remuneration, payments to the Consultant shall be made based on the unit prices set

forth in Annex 8 [*Cost Calculation and Invoicing Table*] as further specified in the Special Conditions. Each invoice shall be accompanied by a list of expenditures based on Annex 8 [*Cost Calculation and Invoicing Table*] stating Contract Value, previous cumulative expenses, current expenses, cumulative expenses and remaining budget. The instalments shall be reduced on a pro-rata basis by (i) the advance payment and (ii) the retention amount as agreed in the Special Conditions.

- (c) The minimum amount for an invoice is EUR 20,000, except for the final payment.
- (d) Other Costs, if any, shall be invoiced together with the agreed instalments. The original documentation evidencing the Other Costs shall be sent to the Employer, unless this Consulting Contract has been entered into pursuant to an agency contract in which case the original documentation shall remain with the Consultant and be delivered to the Employer or (as the case may be) KfW promptly upon request of the Employer.

- (b) If, in case of a time-based remuneration, (a) the remuneration which is payable to the Consultant under this Consulting Contract has accumulated to an amount equivalent to 70% of the Contract Value and (b) in the reasonable opinion of the Consultant, the final date of the Completion Period as set out in the Special Conditions will be postponed and therefore, the Contract Value will be exceeded, then the Consultant shall immediately inform the Employer thereof in writing together with (i) an updated timeline, (ii) the forecast for additional costs, based on the terms as agreed in the Special Conditions and (iii) justification that the delay has not been caused by the Consultant. The Employer may, in its full discretion upon KfW's prior written non-objection, then agree in writing upon an increase of the Contract Value.
- (c) As soon as the overall payments to the Consultant under this Consulting Contract have reached an amount equivalent to 70% of the Contract Value, payments will only be made subject to the conditions that (i) the Consultant has provided evidence of the Services rendered forthwith in accordance with Paragraph 3.4 [*Reporting and Information*] satisfactory to the Employer

together with the invoice and (ii) written non-objection of KfW has been obtained. For the avoidance of doubt, the Employer has the right to (i) suspend payments or reject any invoice at any time if the Consultant fails to perform its obligations under this Consulting Contract and (ii) to request evidence of Services at any time. The Employer shall also have the right to suspend payment of any lump sum instalment at any stage in the event of substantial deviations from the time schedule. In the case of conclusion of this Consulting Contract pursuant to an agency contract: the Consultant's invoices (other than the final invoice) shall be addressed to the Employer "c/o KfW". Except for the final invoice, the Consultant shall send each original invoice to KfW and a copy of each invoice to the Employer directly. ## **5.6 PAYMENT DEADLINE**

- (a) Other than in the case of an advance payment or unless otherwise stated in the Special Conditions, payment shall be made within 60 days of presentation of a verifiable invoice by the Consultant to the Employer.
- (b) If the Employer does not make the payment within the period set out in Paragraph 5.6(a) [*Payment Deadline*] and the Employer has not raised an objection pursuant to Paragraph 5.7 [*Objection to Invoices*] within that date, the Employer shall pay to the Consultant a compensation at the rate agreed in the Special Conditions. This shall be calculated on a daily basis from the date on which the relevant amount became due and payable in the currency set out in the Special Conditions. The Consultant shall have no further rights or claims arising from any delay of the Employer.

## **5.7 OBJECTION TO INVOICES**

Should the Employer object to any invoice of the Consultant (or any aspect or part thereof), the Employer shall notify the Consultant of its intention to withhold payment and shall state the reasons why. If the Employer objects only to a part of an invoice, it shall pay that part of the invoiced amount to which it has not objected within the period specified in Paragraph 5.6 [*Payment Deadline*].

**5.8

OF THE CONSULTANT**

The Consultant shall be liable to the Employer for culpable breaches of its contractual obligations, including, without limitation, of its obligations under Article 3 [*The Consultant*].
